**Re: Notification of Temporary Suspension of Operations
Digital Replacement Translator License File No. 0000064154
(DRT for WVIA-TV, Scranton, PA, Facility ID 47929)**

To whom it may concern:

On behalf of Northeastern Pennsylvania Educational Television Association (“NPETA”), we hereby provide notice of the temporary suspension of operations over the digital replacement translator authorized by FCC File No. 0000064154 on Channel 18 for noncommercial educational television station WVIA-TV.

This digital replacement translator facility has been off-air since July 11, 2023 due to technical issues (power supply problems at the transmission site). NPETA is currently making arrangements to receive and install necessary replacement parts to restore operation, and will further notify the FCC when the translator is able to resume broadcasting.

Should any questions arise concerning this matter, kindly contact the undersigned.

Very truly yours,

Barry Persh
