Notification of Change in Primary Station Being Rebroadcast

EXHIBIT

1. The primary station change is for a licensed translator facility (K271BP, Carmel, California – File No. BMLFT-20140605AAA).
2. The primary station change applies to all pending/recently granted translator applications.
3. Attached is the required 60 dB μ contour exhibit showing the protected contours of primary station KYAA(AM), Soquel, California (Facility No. 60852) and FM translator K271BP.
4. Because KYAA is a noncommercial educational AM station, K271BP is technically not a “fill in” translator; although, as indicated by the attached map, the 60 dB μ contour of K271BP lies wholly within the 2 mV/m daytime contour of KYAA. The programming aired on K271BP is fed via satellite.
5. N/A.
6. The subject translator was not a part of the 2017-18 AM Revitalization windows.
