Re: Station **W237FF**, San Juan, Puerto Rico  
Digital Channel: 237 / 95.3 MHz  
Antenna location (NAD83): 18-16-23.8 N / 66-05-33.1 W

Dear Eng. Louis R. du Treil, Jr.,

Thank you very much for the copy of your FCC application sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that your installation of the proposed translator station, **W237FF**, Digital Channel 237, San Juan, Puerto Rico, is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory.

We therefore have no objection to your proposed installation.

Sincerely yours,

A handwritten signature in blue ink, which appears to read "Angel M. Vázquez", is written over a horizontal line.
