

Request for 165W ERP

In compliance with Section 74.1235(2)(j) applicant is requesting to broadcast at 165W. FM translators authorized prior to June 1, 1991 with facilities that exceed the ERP limitations of 73.1235(b) are allowed to continue to operate at authorized ERP provided the facility is in compliance with 74.1204 regarding interference. The license for K214AW, BLFT-19860407IF, was granted in 1986 and therefore is in compliance with 74.1235(j). This proposal is compliant with the contour non-interference requirements of 1274.1204. Please refer to the attached Non-Interference Exhibit.
