

Educational Media Foundation (EMF) has changed the feed signal for licensed translator K265CV Fremont CA, FCC ID Number 18812, to rebroadcast the programming of the HD3 sub-channel of full-power station KLV5 Livermore CA, FCC ID Number 69685, as received directly off air. The translator is a fill-in of the station. The primary station is not an AM station, and therefore was not part of AMR 2017-2018 windows.

Below is a contour exhibit showing the protected contours of the primary and translator signals.
