Re: KCDO-TV Replacement Translator, Kimball, NE (Facility ID No. 63158) Status

Mr. Harding:

On behalf of Scripps Broadcasting Holdings LLC (“Scripps”), licensee of digital replacement translator at Kimball, Nebraska, used with KCDO-TV, Sterling, Colorado, we hereby notify the Commission that the digital replacement translator station has resumed normal operation.

On July 24, 2023, the station began experiencing issues with its transmitter that resulted in a reduction in output power to 43% of the station’s licensed output power (ERP reduced from 240W to 102W respectively). The transmitter has been repaired and the station is now operating at its licensed power.

Please contact me if you have any questions.

Respectfully submitted,

Benjamin Pidek
