PETITION FOR DECLARATORY RULING

I. INTRODUCTION AND SUMMARY

Alpha Media Holdings Inc. (“New Alpha” or “Alpha”), a Delaware corporation, by its attorneys, respectfully submits this petition (“Petition”) requesting that the Federal Communications Commission (“FCC” or “Commission”) issue a declaratory ruling to allow it to have foreign investment in excess of the 25 percent benchmark contained in Section 310(b)(4) of the Communications Act of 1934, as amended (the “Communications Act”).¹ Specifically, New Alpha, which is the indirect parent company of two subsidiaries that hold broadcast radio and other FCC licenses, seeks a ruling permitting up to 100 percent aggregate foreign investment (voting and equity).² In addition, New Alpha requests specific approval for certain foreign investors that

¹ 47 U.S.C. § 310(b)(4).

² See 47 C.F.R. § 1.5000(a)(1); *see also id.* § 1.5000(c)(2). Attachment A contains a list of New Alpha’s subsidiaries that hold broadcast licenses and the information required by Section 1.5001(a)-(c) of the Commission’s rules with respect to New Alpha and each such subsidiary. Certain of these subsidiaries hold wireless and satellite authorizations. Information concerning those authorizations is not included in Attachment A because those authorizations are not subject to Section 310(b) of the Communications Act. 47 U.S.C. § 310(b) (imposing foreign ownership limitations on holders of “broadcast or common carrier or aeronautical en route or aeronautical

seek to directly or indirectly hold more than five percent of its equity or voting rights, and/or to hold equity interests that will cause them to be deemed to hold more than five percent of New Alpha's voting rights.³ New Alpha notes that the post-declaratory ruling day-to-day operations of New Alpha (including the content of its radio programming) will remain, as they are today, under the control of U.S. citizens. As described more fully below, approval of the proposed foreign investment in New Alpha will serve the public interest by enabling it to better compete in the media marketplace, incentivizing foreign investment in broadcasting, and promoting U.S. trade policy by encouraging reciprocal investment opportunities for U.S. companies in foreign markets, while avoiding any risks to national security, law enforcement, or foreign or trade policy.

II. THE CIRCUMSTANCES PROMPTING THE FILING OF THE PETITION AND NEW ALPHA'S CURRENT FOREIGN OWNERSHIP.

New Alpha, through two wholly owned subsidiaries, owns and operates, among other things, 236 licensed full-power broadcast radio stations and translators, pursuant to licenses issued by the FCC. In accordance with New Alpha's Joint Plan of Reorganization (the "Plan")⁴ and

fixed radio station license[s]"). Attachment B contains information concerning the individuals and entities that will directly and indirectly hold attributable interests in New Alpha following grant of the requested declaratory ruling as required by Section 1.5001(e), (f), and (g)(2) of the Commission's rules, as well as the attributable interest holders of its subsidiaries that hold broadcast licenses. Attachment C contains ownership diagrams that illustrate New Alpha's vertical ownership structure and its subsidiaries that hold broadcast licenses as required by Section 1.5001(h)(2) of the Commission's rules.

³ Each of the entities and individuals requiring specific approval will hold a non-controlling interest in New Alpha. The FCC's foreign ownership rules require specific approval for non-controlling interests of more than five percent. *See id.* § 1.5001(i)(1).

following its emergence from bankruptcy pursuant to the FCC’s approval,⁵ New Alpha is currently owned by sponsors (the “Sponsors”) that held second lien note claims in Alpha Media Holdings LLC, Debtor-in-Possession (“Old Alpha”) prior to New Alpha’s emergence from bankruptcy.

At Alpha’s emergence from bankruptcy and in accordance with the Plan and the FCC’s approval, FCC licenses then-held by the Alpha licensees as debtors-in-possession were assigned to those same licensees as non-debtors-in-possession. The Sponsors also exchanged their second lien note claims in Old Alpha for pro rata equity shares representing (1) New Alpha Common Stock (“Equity Interests”), which constitute voting interests, and (2) New Alpha Warrants (“Warrants”). The Plan and the Warrant Agreement governing the Warrants permits exercise of the Warrants for Equity Interests only upon the satisfaction of certain conditions, including compliance with the Communications Act and the FCC’s rules.⁶ On July 15, 2021, and pursuant to the FCC’s conditional grant of applications seeking consent to New Alpha’s reorganization pursuant to Chapter 11 of the Bankruptcy Code, New Alpha and its subsidiaries that hold broadcast

The Warrants carry no voting rights, and no rights to economic distributions. Rather, they are convertible instruments that by their terms may be exercised only if exercise will be consistent with the Communications Act, and are not intended to confer any current equity interests. licenses emerged from bankruptcy.⁷ In connection with its emergence, New Alpha took steps to ensure compliance with the 25 percent foreign ownership benchmark, as well as other Communications Act and FCC regulatory restrictions on ownership. Specifically, pursuant to the Plan, (a) New Alpha acquired 100 percent of the equity interests of Old Alpha, and (b) New Alpha Equity Interests and/or Warrants were allocated to Sponsors in a manner that ensured that no more than 23 percent (well below the Section 310(b) limit of 25 percent) of New Alpha's equity or voting rights were held by foreign entities.⁸ The Sponsors holding direct attributable interests in New Alpha after its emergence from bankruptcy are:

- MetLife Private Equity Holdings, LLC ("MPEH"), a Delaware limited liability company, which holds a 41.7 percent equity and voting interest;
- Florida Growth Fund LLC ("FGF"), a Delaware limited liability company, which holds a 27.4 percent equity and voting interest;
- Hamilton Lane Strategic Opportunities 2016 Fund LP ("HLSOF"), a Delaware limited partnership, which holds a 21.6 percent equity and voting interest; and
- ICG North America Holdings Ltd. ("ICGNA"), a Cayman Islands corporation, which holds a 5.7 percent equity and voting interest.⁹

Certain of the Sponsors listed above also hold Warrants, as do several other Sponsors that hold non-attributable equity and voting interests in New Alpha.

⁷ See *Alpha Approval Order*, ¶ 52; Emergence Applications, Description of the Transaction and Request for Waivers Exhibit.

⁸ See Emergence Applications, Description of the Transaction and Request for Waivers Exhibit; 47 U.S.C. § 310(b)(4).

⁹ The percentages of New Alpha's equity and voting rights distributed to these Sponsors differ in immaterial respects from the percentages provided in the Emergence Applications due to adjustments made in order to ensure compliance with the 23 percent foreign ownership benchmark set by the Plan. Following emergence, New Alpha has a foreign voting percentage of approximately 15 percent and a foreign equity percentage of approximately 22.7 percent.

The Plan contemplates that, following grant of a declaratory ruling by the FCC and subject to any conditions imposed by the FCC in such a ruling, a substantial majority of the New Alpha Warrants will be exercised for New Equity Interests in an amount that would cause (a) New Alpha's aggregate foreign ownership to exceed 25 percent and (b) certain foreign Sponsors to hold equity and/or voting interests in New Alpha that would require specific approval. Accordingly, the *Alpha Approval Order* conditioned the grant of the Emergence Applications upon the filing of a petition for declaratory ruling pursuant to Section 310(b)(4) of the Communications Act within 30 days of Alpha's emergence from bankruptcy as authorized by such grant, and prior to the second stage of the transaction. New Alpha emerged from bankruptcy on July 15, 2021. New Alpha is timely filing the instant Petition in satisfaction of the condition imposed by the *Alpha Approval Order* and pursuant to 47 C.F.R. § 1.5000(a)(1).¹⁰

III. THE PROPOSED FOREIGN OWNERSHIP IS CONSISTENT WITH COMMISSION PRECEDENT AND THE PUBLIC INTEREST.

A. Standard of Review

Under the revised foreign ownership rules adopted in 2016, the FCC reviews requests by broadcast licensees to exceed the Communications Act's 25 percent indirect foreign ownership benchmark under the same streamlined standard that had historically applied to common carriers.¹¹ Specifically, under Section 310(b) and the FCC's rules, the agency will approve indirect foreign

¹⁰ *Alpha Approval Order*, ¶ 48 (requiring filing of petition for declaratory ruling within 30 days of emergence from bankruptcy); 47 C.F.R. § 1.5001(d) (requiring petitioners to indicate whether they are seeking a declaratory ruling pursuant to Section 1.5000(a)(1) or 1.5000(a)(2) of the Commission's rules).

¹¹ See *Review of Foreign Ownership Policies for Broadcast, Common Carrier and Aeronautical Radio Licensees under Section 310(b)(4) of the Communications Act of 1934, as Amended*, Report and Order, 31 FCC Rcd 11272, ¶ 11 (2016) ("2016 Foreign Ownership Order").

ownership of broadcast licensees above 25 percent “unless the Commission finds that the public interest will be served by refusing to permit such foreign ownership.”¹²

In adopting rules to govern the consideration of broadcaster parent company requests for approval of up to 100 percent foreign voting and equity, the FCC rightly recognized “the need to provide broadcasters, as well as those seeking to acquire ownership interests in broadcasters, greater clarity and certainty” in an effort to “help improve access to capital from foreign investors and promote regulatory flexibility.”¹³ Permitting greater foreign investment in broadcast parent companies “has the potential to spur new and increased opportunities for capitalization for broadcasters” which “may in turn yield greater innovation.”¹⁴ Further, the FCC has previously determined that affording additional flexibility to structure foreign investments in Commission licensees “will promote U.S. trade policy.”¹⁵ As demonstrated below, the declaratory ruling sought herein would further each of these relevant policy objectives without compromising the FCC’s important interests in national security, law enforcement, or foreign and trade policy. New Alpha acknowledges, moreover, that the Commission’s grant of the relief requested in this Petition would be subject to the requirement to obtain specific approval in the future for any new foreign investment in the company (or increases in foreign investment by then-existing investors in New

Alpha) that would result in any foreign entity holding interests above 5 percent (or above 10 percent for investors subject to that threshold) other than any investor specifically approved herein.¹⁶

B. Proposed Foreign Ownership

1. Proposed Foreign Ownership in General

In the second stage of the transaction, New Alpha seeks to have up to 100 percent of its equity and voting rights held by foreign entities and individuals following the FCC’s grant of this Petition. New Alpha expects that the holders of more than 91 percent of its Warrants will exercise their Warrants following grant.¹⁷ As a result, the foreign Sponsors listed below will hold the

¹⁶ 47 C.F.R. § 1.5004(a)(1).

¹⁷ As noted above, the New Alpha Warrants are exercisable only upon the satisfaction of certain conditions, including compliance with the Communications Act and the FCC’s rules. In order to exercise Warrants, holders must (a) surrender their warrants, (b) pay the exercise price (or elect a cashless exercise, in which fewer Warrants will be exchanged for New Equity Interests), and (c) submit an exercise form to New Alpha. Warrant Agreement §§ 3.2(a)-(b), (d) (a copy of which was attached to each of the Emergence Applications). To the extent that the FCC grants the instant Petition, the Warrants held by those holders who have complied with the foregoing requirements will be automatically deemed exercised, provided that such exercise does not violate the Communications Laws or any order or declaratory ruling issued by the FCC and all conditions imposed upon the exercise of the holder’s Warrants have been satisfied. *Id.* § 3.4(i). One group of Alpha’s Warrant holders has indicated that it does not intend to exercise its Warrants. Even considering that group’s Warrants on a fully diluted basis, the group would not hold an interest in New Alpha that requires specific approval under the FCC’s foreign ownership rules. *See, e.g., iHeartMedia Declaratory Ruling*, ¶ 19 n.51 (“clarify[ing] that, for purposes of calculating whether an individual or entity is a disclosable interest holder or requires specific approval, iHeart should include any outstanding Special Warrants in its calculation of the individual’s or entity’s *pro rata* equity interest (*i.e.*, on a fully diluted basis)"); *Cumulus Media Declaratory Ruling*, ¶ 11 n.31 (same with respect to Cumulus).

In addition, two additional New Alpha Warrant holders that are indirectly commonly controlled by a Cayman Islands limited partnership currently hold Warrants that, if fully exercised, would cause that partnership to hold an indirect voting and equity interest of more than 5 percent. These holders have indicated that they intend to transfer a sufficient number of Warrants or take other action to ensure that the Cayman Islands partnership’s interest does not exceed 5 percent of Alpha’s voting or equity and, thus, does not require specific approval. To the extent that these holders transfer their Warrants to existing holders of Alpha Warrants, the percentages of voting

following direct attributable interests in New Alpha:¹⁸

- ICGNA will hold a direct equity interest of approximately 39.1 percent and a direct voting interest of approximately 41.4 percent in New Alpha.
- BigSur Capital Partners Three Corp. (“BigSur”) will hold a direct equity interest of approximately 6.3 percent and a direct voting interest of approximately 6.7 percent in New Alpha.

For completeness, New Alpha also notes that the U.S. Sponsors listed below will hold direct attributable interests in New Alpha:

- MPEH will hold a direct equity interest of approximately 23.6 percent and a direct voting interest of approximately 25 percent in New Alpha.¹⁹
- FGF and HLSOF will each hold a direct equity interest of approximately 7.9 percent and a direct voting interest of approximately 8.3 percent in New Alpha.

The proposed ownership of New Alpha described above would cause New Alpha to have more than 70 percent foreign ownership on both an equity and voting basis.²⁰ New Alpha is seeking a ruling permitting up to 100 percent foreign ownership in the aggregate in order to permit flexibility

and equity to be held by those existing holders will increase.

¹⁸ Under the FCC’s rules, only entities or individuals holding a five percent or greater voting interest in a broadcast licensee are attributable. 47 C.F.R. § 73.5555, Note 2(c). A full list of all entities and individuals that will hold direct and indirect attributable interests in New Alpha is available in Attachment B. In addition, as noted above, one group of Alpha’s Warrant holders has indicated that it does not intend to exercise its Warrants. Accordingly, and consistent with the authorities cited in note 17, *supra*, Alpha has included that group’s Warrants in its calculation of equity interests while excluding them from the calculation of voting interests.

¹⁹ The interest to be held by MPEH will include the stock issued to MPEH at Alpha’s emergence from bankruptcy, as well as the stock issued to MetLife Insurance, K.K. (“MIK”), a Japanese joint stock company, at emergence and upon exercise of Warrants issued to MIK at that time. As explained in the Emergence Applications, MPEH and MIK are both ultimately controlled by MetLife, Inc. (“MetLife”). See Emergence Applications, Description of the Transaction and Request for Waivers Exhibit at 3. MetLife has informed Alpha that, prior to the exercise of the Warrants, it will cause MIK’s entire interest in New Alpha to be transferred to MPEH.

²⁰ MPEH, FGF, and HLSOF themselves have some foreign ownership and thus contribute modest amounts of foreign ownership to New Alpha’s aggregate foreign ownership. However, as discussed further below, no entity affiliated with these U.S. Sponsors requires specific approval.

to take on additional foreign investment in the future.²¹ A description of New Alpha’s ownership structure, including identification of individuals and entities requiring specific approval, follows.²²

2. Description of Attributable Interest Holders Requiring Specific Approval

a. ICGNA’s Interest in New Alpha

Following the exercise of New Alpha Warrants for Equity Interests, five foreign entities affiliated with ICGNA will require specific approval. ICGNA itself will hold an equity interest of approximately 39.1 percent and a voting interest of approximately 41.4 percent in New Alpha and thus requires specific approval. The investment manager of ICGNA’s investment in New Alpha is ICG Fund Advisors, LLC (“ICG Advisors”), a Delaware limited liability company that will not hold any equity or voting interest in ICGNA but that, as investment manager, controls ICGNA’s

²¹ See 47 C.F.R. § 1.5001(k); see also *2016 Foreign Ownership Order*, ¶ 15 (“[A]mong other changes, broadcast petitioners will now be able to request: (1) approval of up to and including 100 percent aggregate foreign ownership (voting and/or equity) by unnamed and future foreign investors in the controlling U.S. parent of a broadcast licensee, subject to certain conditions; [and] (2) approval for any named foreign investor that proposes to acquire a less than 100 percent controlling interest to increase the interest to 100 percent at some future time. . . .”); *Univision Declaratory Ruling*, ¶ 26 (“We also find that it would not be in the public interest to prohibit the aggregate foreign equity and voting interest in Univision to exceed 25% and to increase the interest up to and including 100% voting and equity.”); *iHeartMedia Declaratory Ruling*, ¶ 16 (“iHeart requests approval to permit up to and including 100% aggregate direct and/or indirect foreign investment (voting and equity). . . . [P]ursuant to section 1.5000(a) of the rules, this Declaratory Ruling permits the aggregate direct and/or indirect foreign equity and voting interests in iHeart to exceed 25%, and to increase up to and including 100%.”); *Cumulus Declaratory Ruling*, ¶ 3 (permitting foreign investors to hold up to a 100 percent equity and voting interest in Cumulus Media even though foreign investors would have held a 31 percent equity and 34 percent voting interest in Cumulus Media if all warrants were exercised).

²² Attachment C also details New Alpha’s current ownership structure following emergence from bankruptcy and New Alpha’s proposed ownership structure following the exercise of New Alpha Warrants. 47 C.F.R. § 1.5001(h)(2). Attachment D includes percentage estimates of New Alpha’s aggregate direct and indirect foreign equity and voting interests following the exercise of Warrants and a general description of the methods used to determine the percentages. *Id.* § 1.5001(h)(1). Attachment E contains a list of each entity or individual for which specific approval is requested and the information required under the Commission’s rules for each such entity or individual. *Id.* §§ 1.5001(i)-(j).

interest in New Alpha. ICG Advisors is wholly owned by Intermediate Capital Group, Inc. (“ICG”), a Delaware corporation acting as ICG Advisors’ sole member. Intermediate Capital Group, Inc. in turn is wholly owned by ICG FMC Limited (“ICG FMC”), which is a United Kingdom private limited company and, as a result of its ultimate control of ICGNA’s interest in New Alpha, also requires specific approval.

ICG Global Investment Jersey Limited (“ICG Jersey”), a Jersey registered private company, holds an 18.57 percent equity and voting interest in ICGNA. Following the exercise of ICGNA’s Warrants, ICG Jersey will hold an equity interest of approximately 7.3 percent and a voting interest of approximately 7.7 percent in New Alpha²³ and therefore requires specific approval. ICG Jersey is wholly owned by ICG Global Investment UK Limited (“ICG UK”), a United Kingdom private limited company. Accordingly, ICG UK will likewise hold an equity interest of approximately 7.3 percent and a voting interest of approximately 7.7 percent in New Alpha²⁴ and also requires specific approval. ICG UK is, in turn, wholly owned by Intermediate Capital Group PLC (“ICG PLC”), a United Kingdom public limited company.

ICG North American Private Debt Fund LP (“ICG North American LP”), a Delaware limited partnership, holds a 79.64 percent equity and voting interest in ICGNA which, as an interest of 50 percent or more, is treated as a 100 percent interest in ICGNA under the FCC’s foreign ownership rules.²⁵ ICG North American LP’s sole general partner is ICG North American Private Debt GP LP (“ICG North American GP”), a Delaware limited partnership that holds a zero percent equity interest and a 100 percent voting interest in ICG North American LP. ICG North American

²³ See *id.* § 1.5001(i)(1), Note; *id.* § 1.5002.

²⁴ See *id.* § 1.5001(i)(1), Note; *id.* § 1.5002.

²⁵ See *id.* § 1.5001(i)(1), Note; *id.* § 1.5002(b)(1)-(2).

LP's limited partners, which are insulated in accordance with the Commission's rules, hold a combined 100 percent equity interest in ICG North American LP. ICG North American GP's sole general partner is ICG North America Associates LLC ("ICG Associates"), a Delaware limited liability company holding a zero percent equity interest and a 100 percent voting interest in ICG North American GP. ICG North American GP's limited partners, which are insulated in accordance with the Commission's rules, hold a combined 100 percent equity interest in ICG North American LP. ICG Associates is wholly owned by ICG FMC. Accordingly, through its indirect ownership of ICGNA and ICG Advisors (which as noted above is the investment manager to ICGNA and controls its investment in New Alpha), ICG FMC will hold an indirect voting interest of approximately 41.4 percent, and an indirect equity interest of approximately 0 percent, in New Alpha.²⁶ Accordingly, ICG FMC requires specific approval.

ICG FMC is, in turn, wholly owned by ICG PLC, which is also the sole owner of ICG UK. Accordingly, through its indirect ownership of ICGNA and ICG Advisors, ICG PLC will hold an indirect voting interest of approximately 41.4 percent, and an indirect equity interest of approximately 0 percent, in New Alpha. ICG PLC will also hold a direct equity interest of approximately 3.3 percent and a direct voting interest of approximately 3.5 percent in New Alpha. Therefore, ICG PLC will, as a result of the ownership interests described above, directly and indirectly hold a combined voting interest of approximately 44.9 percent, and a combined equity

²⁶ ICG Advisors also acts as the investment manager with respect to a portion of the interests held by two other entities that are described in n.38, *infra*, which will cause ICG FMC to hold a total indirect voting interest of approximately 43.2 percent, and an indirect equity interest of approximately 0 percent, in New Alpha.

interest of approximately 10.6 percent, in New Alpha.²⁷ Accordingly, ICG PLC requires specific approval.

b. BigSur's Interest in New Alpha

Following the exercise of New Alpha Warrants for New Equity Interests, BigSur, a British Virgin Islands Corporation, will hold a direct equity interest of approximately 6.3 percent and a direct voting interest of approximately 6.7 percent in New Alpha and will require specific approval. BigSur Partners LLC ("BigSur LLC"), a Delaware limited liability company, holds a 100 percent voting interest and a zero percent equity interest in BigSur. BigSur's equity interests are owned by 15 funds registered in the Bahamas, Netherlands, British Virgin Islands, Cayman Islands, and New Zealand, which are insulated in accordance with the Commission's broadcast attribution rules. Each fund holds an equity interest of between 3.0 and 12.2 percent in BigSur, and each will hold less than a 1 percent indirect equity (and deemed voting) interest in New Alpha. Accordingly, none of the funds holding interests in BigSur will require specific approval. BigSur LLC has three members – Gorriti Investments, LLC, a Florida limited liability company holding a 5.92 percent equity and voting interest; BigSur Advisors Corp. ("BigSur Advisors"), a Florida corporation holding a 75.05 percent equity and voting interest; and PCP Advisors Corp., a Florida corporation holding a 13.03 percent equity and voting interest. BigSur Advisors is wholly owned (100 percent equity and voting) by Ignacio Pakciarz, a U.S. citizen. As U.S.-organized and -controlled entities, none of the members of BigSur LLC will require specific approval.

²⁷ As a result of ICG Advisors' investment management relationship with the entities described in n.38, *infra*, ICG PLC will hold a total voting interest of approximately 46.7 percent, and a total equity interest of approximately 10.6 percent, in New Alpha

3. Description of Attributable Interest Holders Not Requiring Specific Approval

a. MPEH's Interest in New Alpha

After the exercise of New Alpha Warrants for New Equity Interests, MPEH, which as noted above is a Delaware limited liability company, will hold a direct equity interest of approximately 23.6 percent and a direct voting interest of approximately 25 percent in New Alpha. Neither MPEH nor any of the entities or individuals in MPEH's ownership structure require specific approval.²⁸ The investment manager for MPEH's Equity Interests in New Alpha is MetLife Investment Management, LLC ("MIM"), a Delaware limited liability company. MIM holds a zero percent equity interest and a 100 percent voting interest in MPEH. The sole member of MIM is MetLife Investment Management Holdings, LLC ("MIM Holdings"), a Delaware limited liability company that holds a 100 percent equity and voting interest in MIM. The sole member of MPEH is MetLife SP Holdings, LLC ("MSPH"), a Delaware limited liability company holding a 100 percent equity interest in MPEH. MSPH's sole member is Metropolitan Life Insurance Company ("MLIC"), a Delaware corporation with a 100 percent equity and voting interest in MSPH. MLIC is wholly owned by MetLife, Inc ("MetLife"), a publicly traded Delaware corporation with approximately 12.25 percent of its stock held by foreign individuals or entities. None of those foreign owners will hold more than a 5 percent indirect voting or equity interest in New Alpha and, accordingly, none will require specific approval under the Commission's rules.²⁹ MetLife is also the sole member and owner of MIM Holdings.

²⁸ 47 C.F.R. § 1.5001(i). As noted above, *see supra* n.19, prior to the exercise of Warrants, interests currently held by MPEH's Japanese affiliate, MIK, will be transferred to MPEH. Accordingly, MIK does not require specific approval.

²⁹ *See id.* §§ 1.5001(i); 1.5002.

b. FGF's Interest in New Alpha

After the exercise of New Alpha Warrants for New Equity Interests, FGF, which as noted above is a Delaware limited liability company, will hold a direct equity interest of approximately 7.9 percent and a direct voting interest of approximately 8.3 percent in New Alpha. Neither FGF nor any of the entities or individuals in FGF's ownership structure require specific approval.³⁰ FGF has two members – (1) HL Florida Growth LLC ("HLFG"), a Delaware limited liability company with a 2 percent equity interest and a 100 percent voting interest; and (2) an insulated U.S. investor with a 98 percent equity interest and a zero percent voting interest.³¹ HLFG is wholly owned by Hamilton Lane Advisors LLC ("HLA"), a Delaware limited liability company. HLA's members include (1) Hamilton Lane Incorporated ("HLI"), a publicly traded Delaware Corporation with a 64.6 percent equity interest and a 100 percent voting interest in HLA³²; and (2) insulated U.S. investors holding a collective 35.4 percent equity interest and a zero percent voting interest. HLI's attributable investors include two U.S. citizens, Hartley R. Rogers (49 percent voting and 15 percent equity)³³ and Mario L. Giannini (19 percent voting and 7 percent equity);³⁴

³⁰ *Id.* § 1.5001(i).

³¹ HLFG's investor is insulated in accordance with Commission's broadcast attribution rules. *See id.* § 73.3555, Note 2(f).

³² Approximately 3.4 percent of HLI's equity and 0.5 percent of its voting rights are held by foreign entities and individuals. Accordingly, no such foreign entity or individual requires specific approval. *Id.* § 1.5001(i)(1).

³³ Mr. Rogers directly holds small amounts of HLI stock. Through his direct interests combined with his controlling interests in HLA Investments, LLC, however, he ultimately holds a 49 percent voting interest and a 15 percent equity interest in HLI.

³⁴ Mr. Giannini directly holds approximately five percent of the voting interests and less than one percent of the equity interests of HLI. Through these holdings combined with his controlling interest in Hamilton Lane Advisors, Inc. (a shareholder of Hamilton Lane Incorporated which will itself hold a non-attributable interest in New Alpha), he ultimately controls 19 percent of the voting interests and 7 percent of the equity interests in HLI.

and HLA Investments, LLC, a Delaware limited liability company (49 percent voting and 18 percent equity).³⁵

c. HLSOF's Interest in New Alpha

After the exercise of New Alpha Warrants for New Equity Interests, HLSOF, which as noted above is a Delaware limited partnership, will hold a direct equity interest of approximately 7.9 percent and a direct voting interest of approximately 8.3 percent in New Alpha. Neither HLSOF nor any of the entities or individuals in HLSOF's ownership structure require specific approval. HLSOF's limited partners, which are insulated in accordance with the Commission's rules,³⁶ hold a 99 percent equity and zero percent voting interest in HLSOF. Although foreign entities and individuals hold approximately 38.4 percent of that equity interest, no such entity or individual will hold a 10 percent or greater indirect equity interest in New Alpha and, therefore, none will require specific approval.³⁷ HLSOF's general partner is Hamilton Lane Strategic Opportunities 2016 GP LLC ("HLSO"), a Delaware limited liability company holding a one percent equity interest and 100 percent voting interest in HLSOF. HLSO is wholly owned by its sole member, HLA. HLA's ownership structure is described in Section III.B.3.b, *supra*.³⁸

³⁵ Additionally, HRHLA, LLC, a Delaware limited liability company, is the sole managing member of HLA Investments and controls 78.5 percent of its equity and voting interests. Mr. Rogers is, in turn, the managing member of HRHLA, LLC, holding a 100 percent voting and 74 percent equity interest in the company.

³⁶ See 47 C.F.R. § 73.3555, Note 2(f).

³⁷ The 10 percent specific approval threshold, rather than the five percent specific approval threshold, applies to non-controlling, insulated interests. See *id.* § 1.5001(i)(3).

³⁸ As noted above, see *supra* n.17, two additional New Alpha Warrant holders that are indirectly commonly controlled by a Cayman Islands limited partnership currently hold Warrants that, if fully exercised, would cause that partnership to hold an indirect voting and equity interest of more than 5 percent. These holders have indicated that they intend to transfer a sufficient number of Warrants or take other action to ensure that the Cayman Islands partnership's interest does not exceed 5 percent of Alpha's voting or equity and, thus, does not require specific approval. C. Public Interest Analysis

1. Grant of the Petition Will Improve Alpha's Ability to Compete and Innovate

Alpha is the nation's leading mid-market radio broadcaster, bringing engaging news, talk, music sports and entertainment to its communities. Alpha emerged from its Chapter 11 bankruptcy process on July 15, 2021. As Alpha seeks to implement its post-restructuring business operations and continue its efforts to offer enhanced service to the public, flexibility in accessing capital is essential, particularly as radio emerges from the downturn caused by the COVID-19 pandemic. The foreign investment contemplated herein will enable Alpha to enhance its provision of exceptional radio programming across the 44 radio markets it serves and will make the company stronger and even more competitive.

Broadcast radio is the leading reach medium in the United States, and radio continues to be an indispensable communications platform nationwide, including as a critical and immediate source of emergency information. Alpha's stations are engaged members of their communities, serving to promote and raise money for countless charities, or rising to the occasion in times of disaster. Increased investment will provide Alpha with additional resources for its talented teams to deliver dynamic, diverse, and exciting local content to listeners across each of its markets. In addition, greater financial resources and flexibility will enable Alpha Media to invest in new digital capabilities to better serve the company's advertisers and communities.

As the Commission has recognized, “[g]reater capitalization may in turn yield greater innovation.”⁴³ Grant of the Petition, and the resultant flexibility permitting Alpha to obtain cost-effective investment, will bear this out.

2. Grant of the Petition Will Serve the Commission’s Interest in Encouraging Foreign Investment in Broadcasting and Ensure Comity with the Bankruptcy Laws.

For more than two decades, the FCC has recognized that enhancing the degree to which foreign investment can flow into the United States communications industries can yield important public interest benefits.⁴⁴ Indeed, the Commission has repeatedly recognized that “foreign investment has been and will continue to be an important source of financing for” communications companies in the U.S., and that creating additional opportunities for such investment can “foster[] technological innovation, economic growth, and job creation.”⁴⁵ In most recently adopting specific rules to streamline the process by which broadcasters may seek to exceed the foreign ownership limits, the Commission expressed a desire to “facilitate investment from new sources of capital at a time of growing need for investment in this important sector of our nation’s economy.”⁴⁶ Furthering this important policy goal, the FCC has in recent years granted a number of petitions for declaratory ruling allowing broadcasters to exceed the Section 310(b)(4) limitation, including several permitting foreign ownership up to and including 100 percent.⁴⁷

⁴³ 2013 Broadcast Clarification Order, ¶ 10.

⁴⁴ See, e.g., *Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Market Entry and Regulation of Foreign Affiliated Entities*, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891, ¶ 4 (1997).

⁴⁵ *Review of Foreign Ownership Policies for Common Carrier and Aeronautical Radio Licensees under Section 310(b)(4) of the Communications Act of 1934, as Amended*, Report and Order, 28 FCC Rcd 5741, ¶ 3 (2013).

⁴⁶ 2016 Foreign Ownership Order, ¶ 2.

⁴⁷ See, e.g., *Univision Declaratory Ruling*, ¶ 27 (permitting 100 percent foreign ownership in licensee’s parent company); *Estrella Declaratory Ruling*, ¶ 16 (same); *Cumulus Declaratory*

The important public interest benefits associated with enabling greater foreign investment in communications companies take on added significance in the context of a company, such as New Alpha, that has recently restructured its debt load through the Chapter 11 bankruptcy process. In the bankruptcy context, debt interests are often held by entities that are considered foreign under FCC rules, and the conversion of debt to equity is commonplace in restructurings. The foreign ownership limitations serve as a disincentive to foreign debt investment in communications companies subject to those limitations by limiting the extent to which foreign entities can receive equity in the event of a restructuring. By contrast, permitting the conversion of debt to equity (or warrants to equity) following the grant of any necessary declaratory ruling will serve the important goal of incentivizing (or, at a minimum, not disincentivizing) foreign debt investments in companies subject to the Communications Act's foreign ownership limitations, allowing such companies to emerge in a stronger economic position. Moreover, permitting New Alpha to take on additional foreign investment following grant of a declaratory ruling will afford it flexibility to access additional sources of capital in the future. These results, in turn, will produce the same kinds of benefits that the Commission has recognized will flow from facilitating foreign investment more generally.

Grant of the requested declaratory ruling would also further the broad aims of the Bankruptcy Code, which generally seeks to permit the retirement of debt and restructuring of a company's operations post-bankruptcy. Indeed, the courts have instructed that "agencies should constantly be alert to determine whether their policies might conflict with other federal policies and whether such conflict can be minimized."⁴⁸ In keeping with this directive, the Commission has recognized that it "is obliged to reconcile its policies under the [Communications] Act with the policies of other federal laws and statutes, including the bankruptcy laws in particular."⁴⁹ As a result, the FCC has routinely acknowledged the need for comity with the bankruptcy process,⁵⁰ and has granted numerous foreign ownership petitions for declaratory ruling filed by companies in connection with their emergence from bankruptcy.⁵¹ In particular, a primary goal of the

Bankruptcy Laws is to ensure “equality of distribution among creditors.”⁵² Where, as here, certain foreign creditors seek to exchange warrants for equity following a Chapter 11 restructuring, grant of a declaratory ruling directly serves this important bankruptcy-related policy goal.

3. Grant of the Petition Will Further United States Trade Policy Without Raising any National Security, Law Enforcement, or other Risks.

The Commission is just one of the U.S. agencies that recognizes the benefits that result from more foreign investment in the U.S. Promoting foreign investment has been a critical aspect of U.S. trade policy for decades. In 2018 alone, there were 7.8 million U.S. workers employed by American affiliates of majority foreign-owned firms according to the Department of Commerce.⁵³ Furthermore, foreign investment “directly and indirectly” supports almost 13 million American jobs.⁵⁴ Such investment is especially robust in the technology sector, as “[m]ore than 40 percent of the \$5 trillion global IT market is in North America, primarily the United States.”⁵⁵ The U.S. government has committed to bolstering foreign direct investment, with more than 20 federal

IV. CONCLUSION

As demonstrated above, grant of the relief sought in this Petition would deliver concrete public interest benefits by enhancing New Alpha's ability to compete and innovate, inviting foreign investment in broadcasting, ensuring comity with the bankruptcy laws, and furthering U.S. trade policy by encouraging reciprocal investment opportunities for U.S. companies in foreign markets, without raising any national security, law enforcement, or other risks. Accordingly, there is no basis to conclude that "the public interest will be served by the refusal" to grant the petition.⁸² For these reasons, the Commission should authorize up to 100 percent of the equity, and up to 100 percent of the voting rights, in New Alpha to be held by foreign entities or individuals, and should grant the specific approvals sought herein.
