

Request for Non-Adjacent Channel Change

Applicant is requesting a change to non-adjacent channel 210 as a minor modification to the existing license. Currently K215CW operates on channel 215 which is 1st adjacent to NEW, West Glendive, MT FAC# 762995. Please refer to the attached contour interference map demonstrating that the interfering 54 dB μ F(50,10) of NEW, West Glendive completely encompasses the protected 60 dB μ F(50,50) contour of K215CW. K215CW will cause prohibited interference to NEW, West Glendive. The interference to and from K215CW is completely eliminated by moving to non-adjacent channel 210.
