

Primera Iglesia Bautista Hispana Educational Purpose

Primera Iglesia Bautista Hispana is a non-profit corporation which operates as a local community church and works diligently to remind people of the necessity of knowing and belonging to Jesus Christ, to ensure He says "I know you" when each and every person stands before Jesus Christ someday. We look forward to spreading our ministry to radio as well.

To do this, we plan to provide local community news, music, bulletin boards, and programming responding to the specific needs of the community. This ministry will help to disciple and encourage and set free everyone drawn to Jesus Christ.

We plan to support local groups and ministries that feed, clothe and shelter those in need.

And, we plan to encourage daily, with our radio schedule, our listeners diverse musical tastes, biblical teachings, testimonies and spiritual wisdom based on the love of Jesus. We know His love will literally help save lives.

Lastly, within our local membership we will have "DJ's" which know the needs of the community and volunteer freely to minister to each person that tunes in, and on a daily basis.

This station will be a wonderful boon to the community around us.
