

Multiple Ownership

This application seeks modification of AM station KDSO, which is licensed to theDove Media Inc. (“theDove”). theDove currently is the licensee of five FM radio stations, four of which are noncommercial stations. KDJA (Facility ID 190435) is theDove's only commercial radio broadcast station. The 5 mV/m daytime groundwave contour of KDSO does not overlap the 70 dBu contour of KDJA, as the stations are located over 250 kilometers apart. Thus common ownership of the two stations is permitted under the Commission’s multiple ownership rules.
