

GATEWAY TO HEAVEN INC. VISION AND MISSION STATEMENT

Established on December 06, 2023, to serve the Topeka, KS area, Gateway to Heaven Inc. is a nonprofit Christian multimedia ministry utilizing websites, videos, social networks, and audio platforms to preach the hopeful gospel message of Jesus Christ for salvation.

Our vision is to create welcoming, accessible spaces on digital platforms and interactive media where worship, learning, community, and relationship-building can flourish for Christ 24/7/365. We design inspirational graphic art, animated shorts, and vlogs centering bible verses and share testimonies of faith across social channels, cultivating online environments where users can explore God's love on their spiritual journey.

Through our online church services, live-streamed and archived sermons, talk shows fostering thoughtful dialogue and library resources, we aim to compassionately engage spiritual questions and provide community anchoring believers in scriptural wisdom. Our podcasts and partnerships with internet radio stations widen such an impact.

At Gateway to Heaven Inc., we believe creative use of technology can widen avenues, drawing populations to biblical truth that centers on Christ's redemptive teachings. Through multimedia ministry efforts, we build digital roads to salvation and sanctification, uplifting all who feel drawn toward the Heavenly Father's welcoming embrace. Our online spaces allow seekers to discover and grow in the grace, purpose, and identity Jesus 'Good News message freely offers.
