

Educational Programming

HEARTLAND EDUCATIONAL BROADCASTING CORPORATION is a non-profit educational organization created to serve all the people of Lake Placid and Highlands County with quality non-commercial educational radio.

Programming focuses on the home with educational topics designed to construct and maintain strong cohesive families, along with character building programs for children, and instruction for husbands and wives on how to build a better marriage, keeping the home harmonious, happy and prosperous.

Wellness features will be broadcast each day, including all aspects of health: physical, mental, social and spiritual. Physicians and health professionals will instruct from their training in both allopathic medicine and natural remedies.

There will be daily instruction in the Holy Bible taught by well trained and experienced men and women who with hearts of love reach out to bring comfort and hope to all.

Other educational topics will be included such as science, history, civics, arts, culture, etc.

Music is relaxing, reflective and provides an atmosphere for Christian meditation.

Programming will be relevant and meaningful to everyone in the community regardless of age, sex, socio-economic situation, race, ethnicity, religion or philosophical perspective.

News, weather and public service announcements might also be aired in the public interest, convenience and necessity.
