Children's Television Programming Reports

On May 1, 2019, the license for the Station was transferred to Scripps pursuant to a long form transfer of control application (BTCCDT-20181109AAY). Scripps notes that because of the long-form ownership change, the current owners are not liable for the violations of the prior licensee. However, out of an abundance of caution, Scripps discloses that the previous licensee timely filed its fourth quarter 2017 children's programming report but inadvertently identified it as the first quarter 2018 report. The corrected filing of the fourth quarter 2017 children's programming report was submitted at the end of the first quarter of 2018.
