

### **Character Issues**

There are no pending applications in which character issues have been raised against KJZZ Licensee, LLC (“Licensee”), licensee of KJZZ-TV, Salt Lake City, UT (Facility ID 36607), or any broadcast application where character issues were left unresolved or were resolved adversely against Licensee or any party to the application. We note, however, that with respect to Licensee’s parent company, Sinclair Broadcast Group (“Sinclair”), two petitions were filed seeking reconsideration of the Commission’s Order and Consent Decree, *Sinclair Broadcast Group*, Order and Consent Decree, 35 FCC Rcd 5877 (2020), and that one of those petitioners has also filed a petition to deny the license renewal application of another Sinclair subsidiary (File No. 0000115674), which petitions remain pending.
