

Primary Station Change Exhibit

Pursuant to 47 C.F.R. § 74.1251(c), Liberty University, Inc., licensee of non-commercial educational FM Translator Station W261CN, 100.1 MHz, Williamsburg, VA (Facility ID No. 18874), is filing this notification to inform the FCC of the change of primary station being rebroadcast by W261CN to non-commercial educational station WHRO-FM, 90.3 MHz, Norfolk, VA (Facility ID No. 25940).

W261CN is licensed pursuant to FCC File No. BLFT-20110531ABQ in compliance with 47 C.F.R. § 74.1235. There are no pending applications for W261CN. Consequently, the primary station change is for a licensed translator facility and applies to all pending/recently granted translator applications for W261CN.

W261CN will rebroadcast WHRO-FM's HD-3 digital stream, and has received written rebroadcast consent from the licensee of WHRO-FM. Additionally, a contour map is attached as a separate exhibit.

No condition in W261CN's underlying construction permit or license prohibits this change. In particular, W261CN's last underlying construction permit was granted on November 9, 2010, in FCC File No. BPFT-20100809CJL; therefore, W261CN was not part of the AM Revitalization translator filing windows.
