From what I can see, the structural has not yet been ordered. Tommy or Joe can you update Eric?

Thanks.

Good Morning

I'm looking to see if this structural has been ordered yet so we can see if the structural passes or if we need to re-evaluate the design.

Good Afternoon

I'm following up on this as we did not get a response. Please let us know the status. Thanks

Importance: High

Good Evening,

ARK is eagerly looking to advance this project.

However, It appears the application may need to be adjusted to show (4) vertically stacked antenna centerlines versus the (2) over (2) antennas that was previously requested.

Please let me know how best to move forward. Do we need to reset the application to adjust the centerlines to reflect the (4) vertically stacked antennas to complete the structural?
