

PURPOSE OF REQUEST FOR SPECIAL TEMPORARY AUTHORITY TO  
OPERATE AT REDUCED POWER

TRINITY BROADCASTING OF TEXAS, INC., licensee of full-power commercial digital television station KNMT-DT, Channel 32 in Portland, Oregon, submits the instant request for Special Temporary Authority (STA) to operate with reduced power while the main transmitter is being repaired. While the licensed effective radiated power is 777 kW, that for the temporary operation is 388 kW (50% of normal operating power). No change in site location, antenna make or model, or antenna height above average terrain from that licensed is proposed herein.
