

## **Extraordinary Circumstances**

WOCD-LD's licensed site, ASR 1215109, had the copper wiring stolen. Therefore, we are requesting Special Temporary Authorization (STA) to move to the site outlined in a previously granted construction permit, 0000158154.

The STA will allow WOCD-LD to stay on the air until it can be decided if it is even possible to replace the wiring.

The STA will best serve the public by not causing a disruption of WOCD-LD's programming in the area.
