An issue with our main transmitter is limiting us to operate at approximately 50% of licensed power. We are requesting Special Temporary Authority ("STA") to operate below licensed power for more than 30 days until the transmitter manufacturer can deliver needed parts.

It is in the interests of the public that the station be allowed to operate at reduced power as repairs are carried out. It is anticipated it will take up to 90 days for these repairs.

Please direct any inquiries regarding this matter to the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Troy Langham".
