LICENSE TO COVER APPLICATION

Construction Permit #: 0000231330

This application seeks license to cover for the above noted Construction Permit which is a new combined antenna system for Stations KWFS-FM, KNIN-FM and KBZS (FM), all Wichita Falls TX and all commonly owned by the applicant.

Special Operating Conditions:

1. Measurements for compliance with the spurious emissions requirements of 47 C.F.R. Sections 73.317(b) through 73.317(d) have been made with all stations simultaneously utilizing the shared antenna and are documented in the Exhibit titled "FM combiner proof of performance".
2. The applicant is requesting Program Test Authority with the filing of this license application, with the demonstration of compliance to these Special Operating Conditions.
3. The licensee has made proper radiofrequency electromagnetic (RF) field strength measurements throughout the transmitter site area to determine if there are any areas that exceed the FCC guidelines for human exposure to RF fields. A protective fence is already erected at the site. A detail of those field tests is also attached as the Exhibit titled "RF radiation exhibit".
