

WVCY-FM, Milwaukee, WI
Fac. ID No. 73059
VCY America, Inc.

Notice of Reduced Power Operations

Due to a technical issue with its main transmitter, WVCY-FM is currently operating with its licensed auxiliary facilities. On February 10, 2024, WVCY-FM's auxiliary transmitter reduced power to approximately 11 kW ERP. VCY America, Inc. anticipates that WVCY-FM will resume operations using its main transmitter in less than 30 days. However, in the event that the station is not able to do so, VCY will seek Special Temporary Authority for continued reduced power operations with its auxiliary facilities.
