Re: Off-air Notice, KBIT-LD, Monterey, CA

Dear Ms. Dortch:

Pursuant to Section 73.1740(a)(4) of the FCC's Rules, Major Market Broadcasting of California, Inc. (MMBC), licensee of KBIT-LD, Monterey, CA (facility ID 35661) (the "Station"), hereby notifies the FCC that the Station went off-air on or around February 12, 2024. A recent barrage of storms passing through California resulted in extreme power fluctuations at the tower site, which caused damage to Station equipment. The extent of the damage has not yet been ascertained, as the aforementioned storms have made it difficult and dangerous to access the tower site.

MMBC will work to restore station operations at the earliest feasible time, and will notify the FCC when it has resumed operations. To the extent necessary, MMBC will file a request for special temporary authority for the Station.

Sincerely,

/s/ Dennis P. Corbett
