**LICENSE RENEWAL APPLICATION**

**Public Inspection File**

KMSB uploaded the following documents after the applicable deadline: the 3<sup>rd</sup> quarter 2020 issues/programs report was uploaded on January 6, 2021; the annual commercial limits certification for 2020 was uploaded on April 4, 2021; and the annual children's television programming report was uploaded on February 1, 2022.

It is the station's policy to upload new and revised orders to its political file as soon as possible once an order or change has been accepted and processed. During periods of especially high activity, some political file updates may be delayed, particularly with respect to information revising ongoing orders or reconciling completed orders. Disruptions related to the pandemic-induced transition to remote work also contributed to delays in the station's political file updates. Station personnel are available to answer questions from the public regarding any revision or reconciliation information not yet reflected in the station's political file. An internal audit of the station's political file covering 2020, 2021, and 2022 to date (through May 16, 2022), which was conducted in connection with the preparation of this renewal application, identified approximately 280 orders that were not uploaded to the political file within seven days after being placed, as well as 24 advertisers with respect to which a complete NAB political broadcasting form did not appear to have been uploaded. The station has established additional procedures to ensure that the political file is complete and timely updated within one business day, absent unusual circumstances, and to have managers continually monitor the political file for compliance with applicable requirements.
