Education Statement

I wish to have programs in sets of 4 to 5 hours in set time frames whether local or national level for our listeners here in Omaha to hear and enjoy. I also want to do in these slots' different types of Gospel music: Traditional, Classic, Current/Todays Gospel music and some late-night Gospel Jazz and Gospel Hip Hop.

My Strong desire is to be in the North Omaha area with our sounds reaching the entire Omaha area and surrounding communities.

I would really love to get paid programming on shows from local Churches broadcasting, Community Talk programs and other local shows.

I am hopeful that we can get some programs on Educating Families such as young men and women and children and our senior citizens on Faith, Family and Financial in Life

Thank you so much
