

Request for Special Temporary Authority

March 19, 2024

Audacy License, LLC, as Debtor-in-Possession, licensee of KAMP ("Station"), FCC Facility ID number 67843, hereby requests Special Temporary Authority to operate its Day Non-Directional Operation at reduced power for a period of up to 90 days due to a transmitter issue.

Station's 10 Kw transmitter has recently had failure of some PA modules, thus the transmitter can only make 6.5 Kw, maximum. Station day operation, licensed for 10Kw Non-D is operating at 6.5 kw. Station is licensed for 5Kw directional operation at night and that will continue to operate as licensed.

Station will notify the Commission upon its return to proper operation.
