

As KJDM(FM) is licensed as a non-commercial educational FM station, it is categorically exempt from the FCC's multiple ownership rule, which applies only to commercial broadcast stations. Further, KJDM is the only station owned, operated and/or controlled by Divine Mercy Radio, Inc. and/or its principals in the Salina-Manhattan, Kansas radio metro market.

Thus, this application does not implicate the FCC's multiple ownership rule, 47 CFR §73.3555(a).
