

Assignee Character Issues

While Mission Broadcasting, Inc. ("Mission") does not believe it has "any pending broadcast application in which character issues have been raised," Mission nonetheless notes in an abundance of caution the following third-party submissions that have been filed in connection with pending Mission applications:

1. Informal objection (File No. 0000212713) filed March 18, 2023 by Daniel Thomas regarding Mission's pending application for renewal of the license of station WXXA-TV, Albany, New York (File No. 0000208842).
2. Informal objection (File No. 0000214367) filed May 1, 2023 by Comcast Cable Communications, LLC regarding Mission's pending application for renewal of the license of station WPIX(DT), New York, New York (File No. 0000210811).
