

Family Stations, Inc.

Facility ID 21054, K214CA, Grand Junction, CO

Minor Modification

---

The instant application is filed to correct geographic coordinates and slight height adjustments to radiation center above ground (RCAGL) and mean sea level (RCAMSL). The following were applied for: 39-05-**22.7** N, 108-13-**35.7** W, Ground Elevation 2,997 meters, RCAGL **12** meters, RCAMSL **3,009**.

The facility complies with all applicable regulations related to interference and requisite spacings. No full-service TV Channel 6 was located within the threshold distance.

No changes in the operating facility were proposed.

The applicant did not propose an antenna change.
