RE: Request for Engineering STA

WDVS-LP – Miami, Florida - Facility ID# 192329

LMS application: 243218

Dear Mr. Bickel,

Today I have filed a Request for an Engineering STA for our station, WDVS-LP FM while we work out a relocation. I regret the circumstances, but if possible, I must respectfully request expedited processing, as we'll have been without an antenna site and silent for one year as of April 10, 2024.

You've previously approved us to operate from this location before. For reference I am attaching a copy of our email exchanges from 2019, along with the supplemental information you requested at that time, which you granted when received.

Please let me know what other information I need to submit for expedited approval.

We thank you in advance for considering our request.

Respectfully yours,

Milton Lopez

South Florida FM, Inc.

WDVS-LP
