

Explanation for extension request:

Civic Media, Inc., licensee of W248DE, previously advised the FCC that implementation of correction to the location of the antenna on the licensed tower was delayed due to continued delays by the tower landlord. As a result of continue delays by the tower landlord, Civic has elected to file an application to modify its outstanding construction permit to move to a new site. A modification application is currently pending before the FCC (LMS- [0000243468](#)).

In light of the foregoing, and to enable the station to continue to operate to provide programming to the public, until the application is granted and the CP implemented, Civic Media hereby requests a further extension of the outstanding engineering STA.
