

Statement of Reason for Change in Antenna Resistance

Station WBES(AM) at Charleston, West Virginia

Station WVTS(AM) at Dunbar, West Virginia

Bristol Broadcasting Company, Inc. – Licensee

Pursuant to a Construction Permit (FCC File # 0000219934) the licensee of WBES(AM) has installed a diplexer unit to allow Station WBES(AM) (Facility ID # 6873) and co-owned Station WVTS(AM) (Facility ID # 2682) to be operated utilizing a common antenna/tower radiator. Accordingly, the *new* antenna resistance for each station was measured after the installation of the diplexer equipment.
