KENNETT, MO 63857**

**573-344-0014 (CELL)**

**KNBY  
Newport, Arkansas**

**Since the purchase of the radio stations of Newport Broadcasting, I have been working on the the transmitter facilities of KNBY. It has been determined that the transmitter and associated equipment need to be repaired and or replaced due to vandalism, stolen copper needs to be replaced, and ATU components need to be repaired and replaced, in order to be able to return the station to reliable operation. Therefore, permission to be silent is requested.**

**Palmer Johnson,  
Contract Engineer for Bobby D. Caldwell Revocable Trust**
