Dear Sir or Madam,

This will serve as the exhibit to confirm that contour overlap exists with the current licensed facility. Although the coordinates of the proposed facility do not match the current licensed facility, this is a correction of an earlier error as both the proposed facility and the current licensed facility are located on the same tower. Since both the licensed digital facility and the proposed digital facility are located on the same tower, contour overlap must exist. Hence, no contour overlap map is provided with the application.

Should you have any questions regarding this information please contact me.

Respectfully submitted,

A handwritten signature in blue ink that reads "James T. Stenberg". The signature is fluid and cursive, with the first name "James" and last name "Stenberg" clearly visible.

James Stenberg
Principal Engineer
