

REASON FOR AMENDMENT

The reason for this amendment is to correct the antenna height in the TVStudy Interference Check to match the height in the application, and to adjust the study grid size to 1.0 X 0.1 km to determine the resulting predicted interference to WTIN-TV 14 Ponce, PR, (FCC Facility ID 26681) is 0.34%. The corrected TVStudy run is attached to this amendment.

No other changes to the application are being proposed.
