**Subject:** 0000244953 - Interference

Good morning,

I've begun my review of 0000244953 (K27JP-D) and found that it fails TVStudy with respect to KVTH. It appears the antenna pattern in the exhibit is different from the one on file, thus the discrepancy.

You have 30 days to amend the application and resolve the issue or it will be dismissed.
