

K235BP STA-SILENT REQUEST

FM translator station K235BP, Bemidji, Minnesota (Facility ID No. 152419) ("K235BP") has been silent since April 19, 2024 due to the non-renewal of the current transmitter site lease. Licensee anticipates that K235BP will be off-air for more than 30 days, and therefore respectfully requests Special Temporary Authority to remain silent while it works to locate a suitable replacement transmitter site.

Licensee anticipates filing a construction permit application in the coming weeks once reasonable site assurance has been obtained and the necessary engineering studies have been completed.
