

EXHIBIT 1

**Explanation of Application – Modification from Noncommercial to
Commercial Status Contingent upon Assignment of License**

This modification of license application seeks to convert the license for WUGA-TV from noncommercial educational status to commercial status in connection with a pending assignment of license application.

The assignment of license application was filed on March 31, 2015 in FCC File No. BALEDT-20150331ARA to seek consent to assign the WUGA-TV license from the University of Georgia to Marquee Broadcasting Georgia, Inc., and is currently pending.

The assignee will operate WUGA-TV as a commercial station upon acquisition. Accordingly, pursuant to Section 73.3517(a) of the FCC's Rules, the applicant respectfully requests that the FCC process and grant the instant application to change from noncommercial educational to commercial status contingent upon approval and consummation of the assignment of license application.
