In re: Low Power Television Application of:
DTV Innovators, LLC
Channel 31, Gainesville, GA.
File no.: 0000001698
Facility Id No.: 182272

Dear Applicant:

On June 22, 2015, the licensee as addressed above was sent a 30 day deficiency letter for the interference issues as outlined below:

The proposal is predicted to cause interference to the following facilities:

1. WPXA-TV – Rome, GA. – 0000001048 at 1.0862%
2. WSB-TV – Athens, GA. – BLCDT-20100429ADZ at 2.1621%

Our current analysis taking into account the amendment specifications, show that the interference predicted to WSB-TV – Athens, GA. – BLCDT-20100429ADZ at 2.1621% was not eliminated. In fact the interference to WSB-TV DTV License BLCDT-20100429ADZ increased to 4.4116%; therefore, the above referenced proposal 0000001698 IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
Deputy Chief
Video Division
Media Bureau
