File no.: 0000008270

Dear Applicant:

On March 28, 2016, the licensee as addressed above was sent a 30 day letter outlining the deficiency as follows:

Specifically, the protected contour of the above referenced proposed digital facility do not overlap with the protected contour of the existing digital license application file number 0000006701.

If you do not amend your application electronically within 30 days from the date of this letter to resolve the above deficiency, we will dismiss your application.

We received your amendment on April 14, 2016, with the intention of resolving the above deficiency. Our LMS overlap evaluation taking into account your amended specifications show that the above mentioned contours still do not overlap; therefore, the above referenced proposal LMS-0000008270 IS HEREBY DISMISSED.

Sincerely
