Re: License expiration and renewal

**I was unaware that my license had expired and was due for renewal.
I didn't receive a notice or past due notice only a notice of license cancellation.
I apologize for not keeping on top of this but we have an extremely small staff and I
am required to handle, personnel, scheduling, programming, engineering,
administration and purchasing for the station. Due to my being spread thin and
trying to keep up with my other daily duties, this license renewal slipped my mind.
I ask for your understanding and appreciate your assistance in getting our license
renewed for K47MU-D.**

Thank you.

**Randy Burleson
DOE- Media/Television
Director of Operations**
