Dear Applicant:

We are currently processing the above captioned application. Our preliminary analysis indicates the following:

Specifically, the protected contour of the above referenced proposed digital facility do not overlap with the protected contour of the existing digital license application file number 0000011164.

If you do not amend your application electronically within 30 days from the date of this letter to resolve the above deficiencies, we will dismiss your application.

Sincerely

Hossein Hashemzadeh
Deputy Chief
