Request for Extension of Silent STA

Rapid Broadcasting Company (“Rapid”) requests an extension of this Silent Special Temporary Authority (“STA”) granted to this station on May 18, 2016. The current STA expires November 18, 2016. The station went silent due to equipment problems. Rapid is taking steps to resume normal operation in an expeditious and timely fashion. Rapid needs an extension of the current STA to allow continued silent operations until the equipment can be repaired. Such an extension would serve the public interest.
