

WLMO-LP STA Extension Request

West Central Ohio Broadcasting, Inc. hereby requests extension of STA until construction of permanent digital facilities (FCC FILE NO. BDISDTL-20090623AAZ) is completed. The station carries CBS programming, and there is meaningful over-the-air viewership of these temporary operations in and around the community, so grant would be in the public interest. In the unlikely event that objectional interference is caused, WLMO is willing to take all steps to eliminate such, including modifying operating parameters or suspending operation, if necessary. West Central Ohio Broadcasting, Inc. understands that grant of this extension does not provide any permanent authority to operate the station in the manner proposed.
