FCC Closed Captioning Statement

The Federal Communications Commission requires closed captioning for the hearing impaired in virtually all-new video programming for English-language programming. The FCC rules, however, temporarily exempt from this requirement programming supplied by a new video-programming network during “the first four years after it begins operation.” 47C.F.R. Section 79.1 (d)(9).

The LAFF TV Network launched its new English-language service on April 15, 2015. Consequently, programming broadcast by the LAFF TV Network will be exempt from the FCC’s closed captioning requirements until April 15, 2019.
