

Cadillac Telecasting Multiple Ownership

Section 73.3555 (b) of the rules and regulations of the Federal Communications Commission rules provides that, generally, an entity may not directly or indirectly own, operate, or control two television stations (a “duopoly”) licensed in the same Designated Market Area (DMA). Cadillac Telecasting is the licensee and has an attributable interest in only two television stations, one of which is licensed as a satellite of the other. WFQX-TV is the full-power primary station and WFUP is the satellite. Here is the CDBS listing for the Cadillac Telecasting television stations.
