

TECHNICAL SUMMARY  
APPLICATION FOR CONSTRUCTION PERMIT  
TELEVISION STATION WPMT(TV) (CHANNEL SHARE)  
YORK, PENNSYLVANIA  
CHANNEL 36 50 KW (MAX-DA) 411 M HAAT

1. The instant application is a 'Channel-Share' application for digital television station WPMT(TV), York, PA (Channel 47), which is a winning bidder in the FCC's Incentive Auction to relinquish its radiofrequency (RF) spectrum. Through a channel-share agreement with WITF-TV, Harrisburg, PA (Channel 36), WPMT will broadcast its channel-share programming on RF Channel 36.

2. As indicated in the Coverage Map exhibit (Figure 1), York, PA is entirely within the predicted 48 dBu, f(50,90), principal community contour of the Channel 36 facility in compliance with the FCC's coverage requirement.
