**Request for Extension of Silent STA**

J.F. broadcasting ("J.F.") requests an extension of the silent special temporary authority ("STA") granted to this station on March 6, 2017. The current STA expires September 6, 2017. The station went silent due to equipment problems. J.F. is taking steps to resume normal operation in an expeditious and timely fashion. J.F. needs an extension of the current STA to allow continued silent operations until the equipment can be repaired. Such an extension would serve the public interest.
