

## **WNGH-TV First Priority Filing Window Eligibility**

Georgia Public Telecommunications Commission is the licensee of facility ID 23942 having call sign WNGH-TV. The allotted WNGH-TV post-auction facility is predicted to experience a population loss in excess of 1% due to new inbound interference from the post transition market. WNGH-TV is thus eligible to file in the first priority filing window in order to recover lost population as a result of the repack.
