Nexstar Broadcasting, Inc. (“Nexstar”)

Statement of Common Ownership

Nexstar is the licensee of full-power television station WCTX and full-power television station WTNH (Fac. ID 74109). In the Incentive Auction Closing and Channel Reassignment Public Notice, DA 17-314, the FCC announced that it had accepted Nexstar’s “go off-air” bid for WCTX and that the Station had expressed an intent to enter into a post-auction channel sharing agreement.

This application seeks a construction permit for WCTX to share the licensed facility of WTNH. Because both stations are licensed to Nexstar, Media Bureau staff has advised Nexstar that no channel sharing agreement is required.
