**RE:   *Leadtime Compliance*  
          *KEFN-CD St. Louis, MO*  
          *Channel Transition from Channel 49 to Channel 20***

Dear Mr. Federer:

We hereby acknowledge that KEFN-CD, owned and operated by Eternal Family Network, has requested a statement to ensure the FCC that (a) all project requirements that must be executed in conjunction with Sales Quotation #02817 be completed earlier than the May 1, 2018, and that (b) that this effort will not impair our ability in assisting other customers with earlier phase stations, if any, from completing their transition on time.

This document is to serve as our official statement of fitness related to the fulfillment of Sales Quotation #02817. We hereby proclaim, and attest in writing, that we have (1) evaluated the full scope of the above-named project, and (2) we can fully guarantee that no prior orders, current customer obligation, or future project responsibilities will be inhibited by the early completion of the work associated with Sales Quotation # 02817; provided KEFN schedules such installation services with a minimum of eight (8) weeks in advance.
